# ATHLETIC TRAINER *profile*

## Stephanie White LAT, ATC

Stephanie graduated from Slippery Rock University in Western Pennsylvania and has been practicing athletic training since 2014. During her studies, she has worked with a variety of sports team including men's basketball, football, men's soccer, women's volleyball, women's basketball, women's Lacrosse, women's field hockey and a local high school in the surrounding area. Following graduation, Stephanie worked in Annapolis at South River High School for one year. Since starting with Drayer Physical Therapy Institute, she has worked with multiple organizations in the area including Maryland Christian Saints, Harford Christian School, FCA Saints and Redeemer Classical Christian School.

## What is a Certified Athletic Trainer (ATC)?

- » Medical professionals who are experts in injury prevention, evaluation, treatment and rehabilitation, particularly specialized in the orthopaedic and musculoskeletal disciplines
- » Have at least a bachelor's degree in athletic training, which is an allied health profession, and be licensed under the Maryland Board of Physicians
- » ATCs, who are allied health professionals, must work under the direct supervision of a physician and collaborate care with them to optimize activity and participation of athletes
- » If you get injured; See your Athletic Trainer who can assess your injury, facilitate fast care to a physician or physical therapist as needed, and get you back on the field quicker!
